About Business Boot Camp

Business Boot Camp is a dynamic and immersive three-week program, taught exclusively in English. It is designed for current university students, recent graduates and young professionals who wish to specialize in cutting-edge topics, make international connections and develop real-world skills while enjoying their summer break.

The program is held in July in Barcelona, a vibrant Mediterranean tech hub. Students will learn the latest trends in crypto and blockchain or digital business from EU's high-caliber faculty. Morning classes are followed by workshops and social/sports activities in the afternoons, giving students the opportunity to experience both Barcelona's exciting tech ecosystem and its rich cultural heritage.

The campus is located in the safe and exclusive business district, within easy reach of Plaça Catalunya, the beach,

and top sights such as Gaudi's Sagrada Familia and Camp Nou, home to FC Barcelona.

Students can earn university credits and, on successful completion of the program, they will receive a scholarship to study a master's or MBA at any of EU's campuses.

Choose Your Program

Students can choose between two programs: Crypto & Blockchain or Digital Business. Our hands-on approach to learning brings business to life through interactive workshops, case studies, company visits, project work and much more.
